Solutions**

Own Your Doctor Anywhere Anytime

Pain Point:- There is a serious gap in the services offered by available platforms, target is online consultations and appointments. Only 4-5% of the amount is spent in this space, 95% of the amount is spent on Medical Procedures, Medicine & Diagnostic Tests.

Other Platforms

- Available platforms only focus on appointments and online consultations.
- Registrations are paid for the doctors, resulting in increased price of consultations.
- Try to sell doctors various packages for attracting more clients.
- Very high Commissions up to 50%.

- Online appointments & Consultations
- Medical Procedures, Diagnostic Tests

Distribution of Expenditure in Healthcare

PLUNES

- Our AI not only assist users in appointments but also curates professionals and price for Medical Procedures and diagnostic tests
- Plunes acts like an assistant to professionals auto scheduling their appointments, Curating clients and queries, Free registrations to professionals.
- High Earning Potential for professionals

For instance:- An appointment with a Dentist may cost you Rs-500, but a Dental Surgery will cost Rs-10,000. Our AI assist you in both.

PLUNES:-AI Decoded (Our Solution)

- AI auto schedules the appointments of professionals.
- PLOCKR:- An intelligent cloud solution for sharing and storing your medical reports, prescriptions (EMR) at one place.

- Intelligent bidding system for hiring professionals for Medical Procedure and Diagnostic tests.
- Curates professionals and price for clients.

- AI automatically adjusts the price based on the procedure and diagnostics, after receiving a catalog from professionals.
- AI Auto bids in behalf of professionals to clients.
- AI assists professionals in providing most suitable bids.
- 20-30 % variance analysis. AI Ensures there is no clash in bids. And nobody bids too low or too high. Ensure coherence.
- If AI finds a price anomaly, professionals are updated in real time to update the price.

Earning Potential:-

- Even if a professional happens to win only 3 bids in a month assuming Rs15k, 10k, and 20k he/she will still be able to make Rs-45000 at PLUNES.
- Professionals are getting clients for LASIK, Hair transplants, MRI, Ultrasound scans already with us.

An intelligent Cloud Solution, Integrated with profiles of Users and with Clinics for a seamless experience.

- PLOCKER is used to share reports or EMR with PLUNES users. It is integrated with PLUNES, Offering attached remarks from doctors, Waiting for the reports is a thing of past.
- Supports every format of document or dossiers. One place to keep your all EMR or any dossier. with 100% encryption.
- Automated payments and billing as check-up or procedure is done. No hustle in long ques.
- **Reduction in cost as Avg. X-ray film cost is Rs6000 / 12sheets.**
- Reduction in overall operational costs up to **40%/annum for hospitals and clinics.**
- Unlimited Storage.

- 15+ Hospitals with capacity of at least 30+ beds.
- 20+ Diagnostic Centers in Gurgaon.

Journey So Far

Served queries around Rs4.5lacs / month.

Key Demand areas:- Dental implants, Root canal treatments, Dentures, Braces, Lasik surgeries, Ortho treatments.

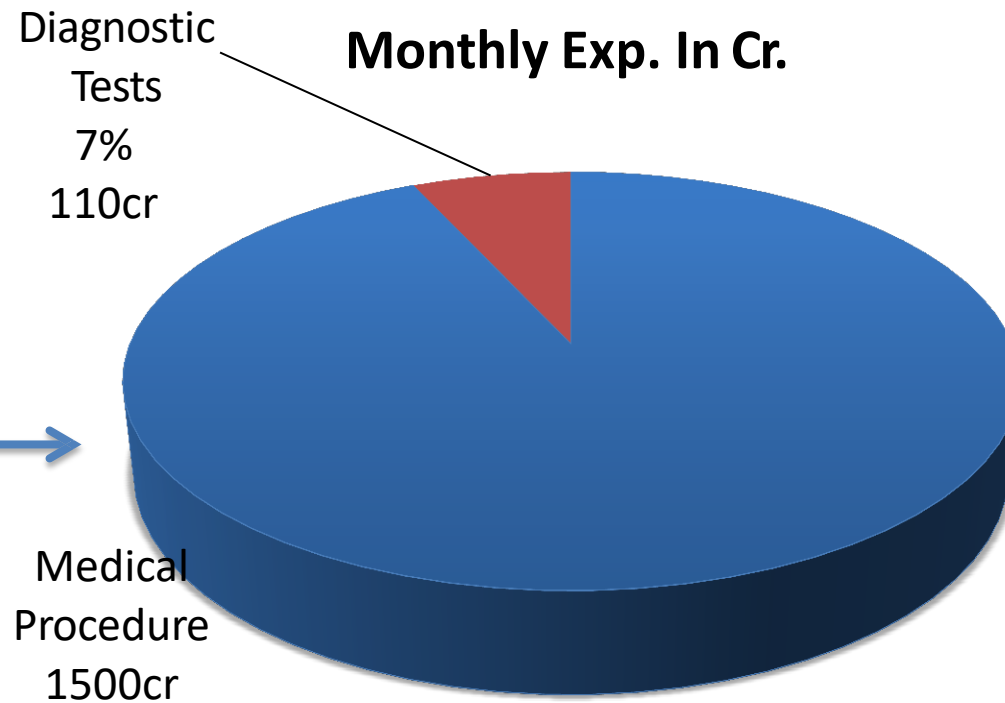

Radiology scans, Path lab tests, Gynae and Dermat consultations

Journey ahead:- Increasing supply side and penetrating into other parts of Delhi is the main focus.

Penetrating the Market

Initial Target- Delhi

Market Scenario of Delhi

- We surveyed more than 110 clinics in Delhi.
- 30% of them were having billing of more than 10lacs/day.
- **On a very conservative note more than 50cr/day is spent in Delhi on medical procedures.** More than 7 Lac people undergoes Diagnostic tests daily.
- Avg. ticket size was Rs15000.
- These 30% clinics were having at least 3-4 doctors.
- They were spending 60% of their income on marketing.(Surprisingly)
- Everyone was registered with online platforms.

1cr/Month

PLUNES
